INTRODUCING OUR COMPANY

AWARD WINNING

We are an award-winning business with our Managing Director having more than 30 years' experience in the scaffolding and construction industry and we know what our clients expect from a supplier.

We manage high end residential, engineered and commercial projects and service greater Sydney and the Wollongong region.

We are an independent supplier with a total commitment to our clients. We do this by providing the most appropriate solution together with the best product at the most competitive price possible. This, together with a responsible after sales service and a strong focus on developing long-term relationships with our clients, sets Total Access Solutions apart from our competitors.

When you award a contract, you need to be able to trust your supplier and know that they will deliver on time, on budget, and with safety as a priority. Whatever your scaffolding needs, we can format a solution to suit your needs and design.

Stuart White
Managing Director

Jo Mullen
Operations Manager

Greg Malaki
Supervisor

Dan Lawrence
Estimator
